Positive Profit Alert

(Hong Kong, 15 August 2012) Century Sunshine Group Holdings Limited (Stock code: 509.HK, the “Company”, together with its subsidiaries, the “Group”) announced today that based on a review of the Group’s unaudited management accounts for the six months ended 30 June 2012 (the “Period”), the earnings of the Group for the Period has significantly increased as compared to the last corresponding period.

The increase is attributable to:

- (1) Magnesium products commenced production in July 2011 and did not contribute any profits in the first six months of 2011; and
- (2) New product, compound silicon magnesium fertilisers commenced production in March 2012

Chairman and CEO, Mr Chi Wen Fu commented on the overall growth for the first six months in 2012, “The magnesium business and the new product – compound silicon magnesium fertilisers have been well received by the markets since their debuts. They generated substantial contributions to the Group’s earnings in the Period. We strongly believe that the two businesses will further drive the performance of the Group. Moreover, we shall explore and develop high-yield products to create long-term lucrative shareholder value.”
